CONSENT OF DISCLOSURE

Pursuant to Public Law 93-579 (the Privacy Act of 1974), I have made the attached disclosures freely and voluntarily and with full knowledge that any and all information given to the City of Springfield shall be used solely for the purpose of determining my eligibility under the Emergency Minor Home Repair Program.

I hereby consent to the disclosure to the City of Springfield by the following named sources, person, and/or entities of any information pertaining to me which appears in my application for assistance under the Emergency Minor Home Repair Program, for the sole purpose of processing my application for assistance: (1) my employer or other sources necessary to verify my income; and (2) any other person or entity the City of Springfield may deem necessary or appropriate in processing my application.

By this consent, I shall hold the City of Springfield harmless for any liability that it may incur as a result of any disclosure made within the bounds of my consent and authorization.

LEAD-BASED PAINT NOTIFICATION: many houses and apartments built before 1978 have paint that contains lead (called lead-based paint). Lead from paint chips and dust can pose serious health hazards if not taken care of properly. Federal regulations require that persons renting, buying or renovating pre-1978 housing be provided information explaining these hazards. By my signature below I am acknowledging that I have received the pamphlet "Protect Your Family From Lead in Your Home" an EPA Handout.

NOISE MITIGATION: Springfield does not have a weatherization/noise mitigation program. Federal regulations require that persons renovating a home be provided with noise mitigation information. My signature below indicates that I have received the brochure "City of Springfield Home Repair Program" to fulfill this requirement.

I certify the information contained in this application to be true and accurate, to the best of my knowledge. I understand that Title 18, Section 1001 of the U.S. Code states that a person is guilty of a felony for knowingly and willingly making false or fraudulent statements to any department of the United States Government. I understand that the City of Springfield will use this information I have provided to determine my household eligibility for the Home Repair Program.
